

New technologies for regenerative medicine and integrated physiological sensors in automotive applications

Time	Durata	Speech
17:20-17:55	30+5' question	Nanotechnologies for Regenerative Medicine - Prof. Francesco Traina - Istituto Ortopedico Rizzoli/ Prof. Sabrina Conoci - STMicroelectronics & Dipartimento di Scienze Chimiche, Biologiche, Farmaceutiche e Ambientali - Università degli Studi di Messina
17:55-18:30	30+5' question	Optical Probes for Driver Drowsiness Monitoring - Dr. Giorgio Fallica , STMicroelectronics
